

Bassano Recorder

VOLUME V; NO. XXXII

TOTAL SUBSCRIPTIONS TO VICTORY LOAN \$61450

Canadians have oversubscribed the objective set for the 1941 Victory Loan, seven million dollars, and thus far no form has been issued to exceed the quota set aside.

Final figures given out by E. L. Skerrett, district organizer, this Wednesday, reveal that at total of \$61,450 was received in the Bassano area placing the total amount of our people to the disposal of the Government of Canada for the period before maturity of the loan.

Seven Honor Pennants have been presented to Bassano for its tremendous effort, one of which has been sent out to Husar in recognition of the generous contribution from the people. The total amount subscribed was 20 per cent.

Congratulations to the organizers and canvassers for the drive are due, full cooperation evidently being the key-note to the success.

HUSSAR

Mr. and Mrs. D. A. Williams of Husar celebrated their 40th Wedding Anniversary on Sunday June 1st at their home.

Their children present were—Mrs. E. Anderson, husband and family; Steven Williams and family of Lethbridge; Mr. and Mrs. W. C. McLean and husband; Mr. R. McLean and husband; John Williams and family all of Calgary; One daughter, Mrs. Rolfe of Alderson, England and one son, Jim of Alderson.

Others present were—Mr. and Mrs. M. Anderson and family; Mrs. O. P. Anderson and family; all sons of Calgary; Mr. and Mrs. A. Ingberg of Bassano; Mr. and Mrs. P. L. Larsen of Kaysville; Jerry Moffat and H. H. Morrison.

Mrs. W. O. Shaw and twin sons, Hobby and Billy of Calgary are spending a week with Mrs. E. Anderson of Husar.

STANDARD TO DRILL SOUTHEAST OF PRINCESSES

Standard Oil of British Columbia has announced the abandonment of the Princess structure, located east of Bassano, and the Princess addition will be demolished this week. The well, which will be started immediately, will be located several miles northeast of Tilley.

At the same time Standard announced the abandonment of its No. 5 well. No. 3 has been re-cemented in an effort to shut off water intrusion and further test will be made on No. 2 and No. 4, which has just been completed.

EXAMINATIONS UNDER WAY AT HIGH SCHOOL

Although some of the pupils of Bassano High School are now enjoying their summer vacation, others are still taking exams. Pupils in grades 10 and 11 who averaged 80 per cent or better in the preliminary examination, finished the 1940-41 school year at the end of last week while others who were not successful must write this week. Those with failing marks will possibly realize when they are presented with those long lists of questions requesting them to answer from what they have learned over the past year. The time spent in passing notes, chewing gum and generally fooling around does not pay any dividends now, however, many are sure to pass with flying colors.

From now until the end of August will be a very anxious time, for the suspense of waiting for results surpasses the strain of writing the exams.

George Scott, only son of Dr. and Mrs. A. G. Scott is spending his summer vacation at his home in Bassano.

Mr. Chas. Riddell of Duck Lake, was a Bassano visitor on Friday last.

Co-operation Between Canada's Soldiers and Airmen

In addition to the Canadian airmen already with the fighter and bomber commands in Britain the R.C.A.F. has now formed a complete Army Co-operation. This is briefing three Lyndian pilots to

discuss a problem of co-operation with Canadian pilots. A Captain, of Moose Jaw, Saskatchewan, is briefing three Lyndian pilots to

do a job for the artillery. Portable wireless set, with operator at the controls, is seen alongside.

Stampede Best Yet: Gala Day Arranged By Board of Trade

RESULTS OF ROW VALLEY INTERSCHOLASTIC FIELD AND TRACK MEET AT GLEICHEN ON JUNE 11th

The schools represented—Western Division: Strathmore, Carstairs, Kainan, Okotoks, Cochrane, Lethbridge, Pincher Creek, Medicine Hat, Elwood, Loveland, Chedale. From the Central Division—Gleichen, Old Sun, Arrowood, Cluny, Alton, Jean d' Arc, Yule and Namaka farms, Baldwin, Rockwood, Shamrock.

Subscription: Canada, \$2.00 per year.

Appeal from Lord Southwood Read at Board Luncheon

Members of the Bassano Board of Trade gathered at the Royal Cafe last Wednesday for the regular meeting, although small in numbers and therefore not constituting a quorum, discussed in an informal manner of importance in an unoffical manner.

A check-up was made with regard to Stampede arrangements and the work of the committee was minded of the work to be done by them. Regarding decorations and street lights for the annual celebration, it was postponed that this would be done in time to result in a new Saturday.

A communication from Lord Southwood of London, England, to the Board was read by Vice-president Geo. St. John. The complete text was as follows. The urgent nature of the appeal contained in the message will be readily appreciated by all, and should residents of Bassano wish to contribute to this worthy cause, they may do so by making a donation to the Red Cross Fund, who will head a committee to handle this matter. Sec'y. Board of Trade. Dear Sir,

This letter comes to you from the heart of London. Whatever your own difficulties at the moment—and I know they must be many—I want you please to spare just a few minutes to read about a tragedy that has befallen the most beloved hospital for Sick Children in the world.

You may have read in the papers that a Children's Hospital in Central London had been bombed. This Hospital was the Hospital for Sick Children at Great Ormond Street.

For years men and women had toiled devotedly and unceasingly to rebuild this famous Children's Hospital after the bombing of the beautiful modern building had been completed at a cost of over \$36,000 pounds. Then, in the night, came the bombs.

Doctors and Nurses and the Hospital staff were at a function of which roared into the air. They battled through the roaring floods shoulder deep from the burst water main. Every baby in the Hospital was saved. By a miracle not a single child in the Hospital was lost.

The wreckage remains—and amid that wreckage the hospital that has never closed its doors since the day it was first opened in 1882, carries on. I am sending you with this letter

I am sending you with this letter

MAKEPEACE

A number of Makepeace people attended the dance in Bassano last Friday.

Cecil Heryford has returned to his home from the hospital. We'll be seeing you Cecil.

Mr. and Mrs. Reuben Shaffer, Lenore Shaffer and Elizabeth Wittengraf of Bassano were visitors at the home of Ed Shaffer last Thursday.

Betty Drummond was a weekend visitor at the home of Mr. and Mrs. Campbell.

Dill Robourne of Crofoot col. left with a parked car on Saturday last Saturday night, unfortunately he was hurt. That's one way of picking up a trouseau.

Mr. Eli Heryford has been ill, we're glad to hear that she is better and will not miss the Red Cross meeting.

Everyone is hoping for rain, it's darn hot, don't you know.

Diane Robourne and Carol Sanquist made their debut at the river last Sunday.

Bathing suits were in evidence at the river Sunday and everyone was very warm in the river and out.

Mr. Irwin Seeley was a very busy man on Sunday, but not too busy to go boat riding.

PRESERVATION MADE AT FAREWELL PARTY

A farewell party for Ben Plumer and Miss Nora Brown was held at the home of Dan last Tuesday night, most of Bassano's younger set attending.

Taking the form of a weinor ride, the party was also the scene of great fun and merriment.

Miss Brown received a leather cigarette case and wallet, the latter an autograph album. Presentations were made by Margaret McKenzie and Ted Stiles.

Ben Plumer was in the near future to go into training with the R.C.A.F. as a pilot, while Nora leaves for Peterborough this weekend to train as an inspector of guns.

Mr. Sid Rodbourne held a Tea Tuesday afternoon in the home of George Brown, who accompanied Sunday, he was accompanied by Bobbie Heryford who reported a swell time seeing the sights.

Hey—what's the matter with the Minnow? We'd like to see them in the river this year.

The tickets for the saddle horse are finished and ready to distribute to the Red Cross Ladies for selling. You may see one of these ladies coming with a small book in her hand and a determined look in her eye just start digging in your pockets.

"Hitler Opens Fire"

(Editorial from the New York Times)

Though the Congress of the United States voluntarily surrendered the historic American right of freedom of the seas, by forbidding American ships to enter "combat zones" in time of war, we now find that this act of self-abnegation has not purchased us immunity from Hitler's guns. On the unimpeachable authority of our State Department, it has been decided that the steamer *Hiroo Moon*, a tank battleship, a German submarine which was fully aware that the vessel was American. She was sunk while engaged in lawful trade. She was carrying no munitions. She was bound on a voyage which was entirely proper under the terms of our self-imposed Neutrality Act. But the Atlantic is her grave, and presumably the grave of the greater part of her passengers and crew; Hitler has fired his first shot against the United States. Its echo will reverberate.

What possible explanation can the Nazis give that will satisfy the Government and People of the United States? They can say—as they have said so many other similar occasions, and just again—“We did not—first of all, they didn’t do it.” Second, if they did, it must have been alright. In other words, they are saying despite first-hand official evidence to the contrary, that it is to be “strongly doubted” whether a German submarine was guilty of this action, but that, if “by chance” this was the case, then it can be “said with certainty” that the U-boat commander acted according to international law.

What do they mean by “chance”? They mean that they claim the right to use submarines to sink any vessel, anywhere at sea, that is carrying what their government describes as “contraband.” But our Government has never recognized this claim. It was our contention, during the last war, when another German Government sank our ships, that it was a violation of the purpose of blockading contraband “is, of necessity, because of the nature of the vessels employed and the methods of attack which their employment involved, utterly incompatible with the principles of humanity and of the law of war.”

To this position our Government held consistently. And it was Germany’s defiance of this position, and challenge to our rights at sea, that was the direct cause of our entrance into the World War.

Moreover, there are still more explicit facts to be remembered. Twenty years after the World War the Chief Naval Powers signed a treaty at London defining the rules of submarine warfare in time of war. In this treaty they declared that a submarine “may not sink or render incapable of navigation a merchant vessel without giving first placed passengers, crew and ship’s papers in a place of safety, and that the crew of the ship’s boats are not regarded as a place of safety unless the safety of the passengers and crew is assured, in the existing sea and weather conditions, by the proximity of land or the presence of another vessel which is in a position to take them on board.”

To this agreement, the German Government of Adolf Hitler freely and openly and solemnly gave its adherence on November 23rd, 1936. It was von Ribbentrop himself who respectfully declared that the German Government accepts the regulations restated above and accepts them as binding upon it from today.

How “binding” is a German promise? It cannot possibly be contended that the safety of passengers and crew was assured “by proximity,” for the *Hiroo Moon* was sunk 700 miles at sea.

The plain fact, once more, is this: here is a promise of the German Government is not worth the paper it is written on. Hitler has fired his first shot at an American-flag ship. In our own defense it is high time to arm our ships and give them the protection of our Navy.

O-O

Mercury for the Chinese?

The *Ko-i Maru*, a Japanese ship which recently loaded a large cargo of sacked Canadian wheat at Vancouver, attempted to North China, called at the port of Tacoma, in Washington before heading eastward. Its quartermaster, Tousaka Nichida, was arrested by United States treasury department agents on a charge of violating the National Defence Act. It seems that on June 8th Mr. Nichida took a train about 100 miles west, where he called on all the drug stores and purchased all available stocks of mercury and managed to buy eight pounds of that commodity, a vital necessity in armament production, but this was confiscated by the United States agents.

Maybe the inhabitants of North China needed some mercury as well as Canadian wheat!

ALBERTA SCHOOL OF COMMUNITY LIFE

Interested readers are again reminded of the forthcoming session of the Alberta School of Community Life, to be held at the Olds School of Agriculture July 3rd to 10th, under the direction of the department of Extension, University of Alberta, and the provincial departments of agriculture and education. Plans are being made a most entertaining and instructive week. Outstanding speakers have been arranged for the program, and all who can possibly attend should do so. Communicate without delay with the Department of Extension, University of Alberta, and obtain registration form and program.

"AT HOME FOR THE ARMY"

The army invite the general public to visit its barracks and training centres on ARMY DAY Saturday, June 28th.

A dominion wide visitors' day for Saturday, June 28th and every camp from coast to coast will welcome visitors who want to see what goes on in these training centres for the young manhood of Canada.

Relatives and friends will undoubtedly take this opportunity to visit their boys who are in training and the general public is cordially invited to join these visitors and see the progress that is being made in Canada.

This will be a gala occasion at every depot in Canada. Special displays will be given at each centre and at large centres for the young manhood of Canada.

This is more than opportunity. It is a duty that every loyal Canadian owes to himself and to his country to do the duty of taking a vital interest with him in the defense preparation and of becoming acquainted with the important work that is being done in Canada to help make the world safe for democracy.

An appeal is made for indifference. Citizens are urged to endorse Army Day with their interest and approval by visiting one of the training centres and assisting at a gala day with Canadian youth—army.

Remember the date—Plan for it—ARMY DAY, Saturday, June 28, ALL DAY.

QUEEN'S CANADIAN FUND

DIRECTOR ADDRESSES

REGINA MEETING

Air Raid Warden Urgent

Needs Still Not Met

Appeals of air raid victims in Great Britain for assistance are "far too many and there is far too little money to meet urgent demands," said Mr. Watt.

Spokesman of the Royal Canadian Council Chamber was told Tuesday night by Sholto Watt of Montreal, executive director of the Queen's Canadian Fund for air raid victims.

This urgent needs exists despite the fact that in the first two and a half months of operation in this country, the Queen's Canadian Fund has received and sent overseas over the relief of air raid victims over \$50,000 and that result has been achieved without making a direct appeal for funds, said Mr. Watt.

The speaker went on to outline the financial position of the fund since its inception and the amount of immediate aid given to victims from the resources of the Lord Mayor's Fund, through which the Queen's Canadian Fund operates in Great Britain.

After a couple of days in Regina, in the interests of the fund, Mr. Watt conducted something of a nature of a round table conference, devoting a good part of his time to discussing the problem of getting the public to give formal address.

His declaration was that the needs are much greater than the funds to meet them were made in response to one of these

In reply to other questions Mr. Watt emphasized that the National Organization is not encouraging direct appeal to individuals or organizations for funds. Rather it is the policy for the organization to provide and lay the needs of the distressed air raid victims of Britain before the people of this country and leave it to their generosity and sympathy of their families to meet the extent of their liability.

"In Great Britain," said Mr. Watt, "our assistance is applied in the most effective, promptest and the most sympathetic way" possible to see through the Lord Mayor's Fund.

All subscriptions to the Queen's Fund are forwarded, without any deduction, to the Lord Mayor, before they are sent to the fund.

The Queen's Canadian Fund provides for the payment of expenses to lay the needs of the distressed air raid victims of Britain before the people of this country and leave it to their generosity and sympathy of their families to meet the extent of their liability.

Livestock entries are heavier this year in all sections. Short-horn cattle, Herefords and a good number of Angus cattle will be cattle from Ontario to give the Westerns competition. In dairy cattle there will be entries from here and from National entries in sections of Herefords, Ayrshires and Jersey, and as usual there is a good list of entries of light horses and particularly good entries from the breeders of heavy horses and hog entries are about as usual.

Platform attractions of outstanding merit have been secured and will round out evening shows. The midway this year will be "All Canadian" and the sections will be the found many new, interesting and attractive thrills.

President T. A. Hornbooks and General Manager Chas. Yule feel that with information already to hand everything points to a very successful summer show again this year.

Entries by subscribers, the organization does not encourage the marking up of funds, as it was felt that the Lord Mayor's Fund, those who wish in the distribution of the funds are in a better position to judge where the need is greatest and where the money will do the most good in alleviation of suffering.

The very nature of the fund requires that the relief that is provided be immediate and timely. It is essential that those people who are in Great Britain be assisted in their hour of need by immediate relief where the call is most urgent. That was the reason for this point of policy.

Again returning to the question of the expenses incurred by the fund, Mr. Watt said that the members of the organization have a resounding statement of its effectiveness in operation.

"While the money goes through London, 100 cents on the dollar," said the speaker, "the cost of distribution in Great Britain is measured in hundreds of one cent."

Grace Sutherland, Gleichen.

EMPLOYERS OF LABOR
MUST REGISTER WITH
INSURANCE COMMISSION

Canadas... in common with most other countries, has, as you are probably aware, adopted a plan for unemployment insurance. Contributions to which are payable by employees and employers starting July 1st.

If you are an employer and your employees are covered under the Unemployment Insurance Commission, contribution is compulsory and non-registration is an infraction of the law and is subject to penalties.

If you are not registered, then card sent through the mail some time ago, if not, do so immediately and avoid infraction of the law.

THE BIG IMPEDIMENT

to getting a job is the lack of knowledge in the field of employment. In fact, the employment situation is so bad that it is difficult to talk to a bit. The conversation finally got round to cooking.

Zeb: "I got one of them cooker books out and I never could do nothing with it."

Zek: "Too much fancy work!"

Zek: "Brother, you're right, everyone of them recipes began the same way: Take a clean dish...

E GIRLS—

Nellie McBride, Bassano;

Frances Kastynick, Baintree;

Betty Bell, Cluny.

(Continued Next Week.)
